RAUSCH GRANITE

Established in 1905 Woodlawn Cemetery has a history steeped in tradition.

Situated on 80 beautiful acres in central Sioux Falls, for more than 100 years the Board of Directors and employees of Woodlawn Cemetery have dedicated themselves to the continued care and beautification of the Cemetery.

With incredible foresight a condition was placed in the deeds conveying the lands that 25 percent of the proceeds from the sales of lots should be placed at interest and the income used for perpetual care of the Cemetery. When all lots are sold, the corporation will still exist, and care will continue to be taken of the lots.
